DEENIMPACT ACADEMY

Student Results Portal -- Staff Training & Operations Manual

Motto: Knowledge, Action and Guidance • Olomo Quarters 2, Zone 2, Apete, Ibadan
Administrative Desk: 08123458536 • Official Portal: deenimpactacademy.com.ng/results.html

Executive Notice for School Owner, Principal & Staff: This manual contains the complete, 100% no-code routine for uploading and publishing terminal student examination report sheets. By combining **Google Drive** (for storing report PDFs) and a master **Google Sheet** (for entering student grades and links), teachers and administrators can publish results securely in seconds. No coding, no command lines, and no technical software is required.

1. System Overview: How Results Work

The school results portal at deenimpactacademy.com.ng/results.html connects directly to the school's master Google Sheet. The workflow consists of three effortless steps:

Step 1: Save Report Cards	Staff save completed student terminal report cards as PDF documents on a computer or tablet.
Step 2: Upload to Google Drive	Upload the PDF to the school's Google Drive folder and copy its shareable viewing link.
Step 3: Enter Row in Google Sheet	Paste the student's Admission No, confidential PIN, Name, Class, and Google Drive link into the spreadsheet. The website updates instantly!

2. Setting Up the Master Google Sheet (One-Time Setup)

The school only needs to create **one master spreadsheet** on Google Sheets. Management can share access with designated form teachers or the examination secretary.

Spreadsheet Structure (Columns A to G):

Create a new Google Sheet named **'DeenImpact Academy -- Student Results Registry'** and enter these exact column headers in **Row 1**:

A: Admission No	B: PIN	C: Student Name	D: Class	E: Term	F: Session	G: Report Link
DIA/2026/001	4129	Zaynab Adeyemo	Basic 4	1st Term	2026/2027	`https://drive.google.com/file/d/1aB.../view`
DIA/2026/002	8351	Abdullah Kareem	JSS 2	1st Term	2026/2027	`https://drive.google.com/file/d/2eF.../view`
DIA/2026/003	1940	Maryam Bello	Primary 1	1st Term	2026/2027	`https://drive.google.com/file/d/3iJ.../view`

Important Note on Portal PINs:
• PINs can be **any 4 to 8 digit number** chosen by the school (e.g. scratch card PIN, a unique random code, or the parent's registered phone number).
• **Confidentiality:** Only issue the PIN to the authorized parent/guardian alongside their official admission number.

How to Publish the Sheet to the Website (Only Done Once):

1. Open your master Google Sheet, click **File** in the top navigation bar.
2. Hover over **Share** and click **Publish to web**.
3. In the pop-up box, change **Web page** to **Comma-separated values (.csv)**.
4. Click the blue **Publish** button and confirm with **OK**.
5. **Copy the generated link** (starts with https://docs.google.com/spreadsheets/d/e/.../pub?output=csv) and send it to your website administrator.

Note: You only publish once! All future edits, additions, and new terms automatically synchronize in real time without republishing.

3. End-of-Term Routine: Step-by-Step for Staff

Whenever terminal examinations conclude and student report cards are prepared, follow this simple checklist:

1. Save PDFs	Save or scan each student's report card as a PDF. Use a clean file name such as DIA_2026_001_1stTerm.pdf.
2. Upload to Google Drive	In the school Google Drive, create a folder (e.g. Results 2026-2027 > 1st Term) and upload the report PDFs.
3. Set Public Link	Right-click the folder or PDF → click **Share** → under General Access, change to **'Anyone with the link can view'** → click **Copy Link**.
4. Paste into Google Sheet	Paste the copied link into **Column G (Report Link)** for that student. Ensure Admission Number and PIN are entered.
5. Distribute Credentials	Provide the parent with their child's Admission Number and PIN via SMS, scratch card, or official WhatsApp message.

4. Parent Experience on the School Website

Parents visit **deenimpactacademy.com.ng/results.html** on any smartphone, tablet, or desktop computer. The interface is clean, private, and straightforward:

• **Input Form:** Parent types Student Admission Number (e.g. DIA/2026/001) and their 4-to-8 digit PIN.
• **Verification:** The system instantly checks the school's registry securely.
• **Instant Result Card:** When verified, the screen displays a green **Official Record Found** box with the child's Name, Class, and Term.
• **One-Click Download:** A prominent gold button **'Download / View Report Sheet (PDF)'** opens or saves the official document.
• **WhatsApp Support:** If a parent types an incorrect PIN, a direct WhatsApp button connects them to the school office for immediate help.

5. Official Parent Announcement Templates

Copy and paste this announcement into the school's WhatsApp Broadcast list or SMS gateway when term results are published:

OFFICIAL WHATSAPP BROADCAST TEMPLATE:

Assalamu Alaikum wa Rahmatullah wa Barakatuh,
Dear Parents & Guardians of DeenImpact Academy,

We are pleased to notify you that official terminal examination report sheets for the **[1st Term, 2026/2027 Session]** are now available online via the school website portal.

How to access your child's result:
1. Visit: **https://deenimpactacademy.com.ng/results.html**
2. Enter your child's Student Admission Number (e.g., DIA/2026/001)
3. Enter your confidential Portal PIN (provided on your term receipt)
4. Click **'Verify & Download Report Sheet'**

If you require assistance or have misplaced your child's PIN, please contact the administrative desk on WhatsApp: **08123458536**.

Jazakumullahu Khairan,
DeenImpact Academy Management
Knowledge, Action and Guidance • Apete, Ibadan

6. Frequently Asked Questions & Troubleshooting

Q: What if a teacher discovers an error in a student's score after publishing?

A: Simply correct the PDF, upload the new PDF to Google Drive, and replace the link in Column G of your Google Sheet. The website reflects the corrected report immediately without any developer intervention.

Q: What happens if a parent enters the wrong PIN?

A: The portal displays an alert: 'Invalid Admission Number or PIN. Please verify your details or contact the school office on 08123458536.' A direct WhatsApp link is also provided so the parent can request assistance in one tap.

Q: Can parents see other students' grades or links?

A: No. The serverless lookup only queries and reveals the single report card link belonging to the authenticated Admission Number and PIN. The master spreadsheet is confidential and never visible to parents.

Q: How do we test the portal before publishing official results?

A: A built-in test account is active on the website: Admission Number: DIA/2026/001 with PIN: 1234. Entering these details demonstrates the exact verification and download experience.
